

Bountiful Neighborhood Emergency Preparedness Committee

Emergency Kits:

There are lots of different checklists you can get for 72-hour kits, which each member and pet in your household should have, but often the list is not perfectly suited to our household. We can follow a pre-made list, or make your own by picking items important to us in an emergency from multiple lists. This customized list can better suit our household.

Think about what we really need on a daily basis, and what we might lose in an emergency, and make our kit based off of that. Also think of what we would need if we had to simply grab our kit and evacuate.

Here are different kits we should have made. We should update these kits every year.

- 72-Hour Kit Adult (one per each adult member)
 - Located: _____
- 72-Hour Kit Child (one per each child member)
 - Located: _____
- 72-Hour Kit Infant (one per each infant member)
 - Located: _____
- Pet kit (one per pet)
 - Located: _____
- Livestock kit (if applicable)
 - Located: _____
- Shelter-in-Place Kit
 - Located: _____
- Car kit
 - Located: _____
- Work kit
